ANNOUNCEMENT

DEAR FELLOW CITIZENS:
We are pleased to announce that Douglas Hardware & Building Supplies now is offering a complete color painting supply department in Drayton Valley and district.

Our paint dept. is established to enable us to assist you with advice and materials to fit your requirements. In addition, a complete range of first quality Canada Paint materials, (including K.T., and K.C.) a full line of painting tools, brushes, rollers, sandpaper, scrapers, etc. is available. Other services include easy taping and efficient service.

Color scheming and selection is made easy with the Canada Paint Color Harmony book and cascade. We'll be pleased to lend you this book and you can choose colors in your own home that you know are right.

This is your invitation to visit Douglas Hardware & Building Supplies. There is no obligation and we would like to meet you, if you have painting problems you want to ask over, color schemes you are not sure of, or if you just drop in to say "hello" and have a look around, we'll be happy to see you.

FAREWELL BANQUET HELD FOR DR. & MRS. BROOKS

After over seven years of residence in and service to this district Dr. and Mrs. Brooks left this week to begin practice in their new district; the new district of Sherwood Park about four miles outside of the southeast limit of the City of Edmonton. This is a new district, comprised for the most parts of residences, which was started just a few years ago and now has a population of about four thousand. It is located just off No. 14 Highway, not too far from the Alberta Game Farm.

On Tuesday evening the Drayton Valley Chamber of Commerce sponsored a farewell banquet to bid the departing family goodbye. A large number of friends gathered in the Cardium Room, where they ate dinner and watch-

ed the presentation of the gift of a brochure to Dr. and Mrs. Brooks, by Mr. Swanton in behalf of the Chamber of Commerce.

Along with the brochure a note of lightness was added by the presentation of a pair of oxfords over shoes to Dr. Brooks, who has very large feet and has always had trouble getting oxfords to fit him; then too the ovenboots, along with rubber boots was so much a part of the footwear of all who lived here in the first few years that everyone appreciated the humor of the presentation.

Dr. and Mrs. Brooks were very much amused at the unexpected gift of the large rubber boots.

Master of ceremonies for the

evening was Mr. Gordon Bowman. In addition to the guests of honor, Dr. and Mrs. Brooks, seated at the head table were Mr. and Mrs. Gordon Bowman, Mayor and Mrs. Adair Meiers, Mr. and Mrs. H. T. Deby and Mr. and Mrs. Byrum.

At the close of the dinner Dr. Brooks gave a speech of thanks to those assembled and to Drayton Valley district at large for the warmth of the friendliness and many kindnesses that had been shown them during their past years of association with the people of this district. He also gave an interesting resume of some of the highlights of exciting times they had seen, particularly in medical practice since coming to this area in February, 1924.

FUNERAL SERVICES FOR MR. FEHR

Funeral Services for Mr. Hamlin John Fehr who passed away Tuesday, August 3 will be at 2 p.m. on Saturday August 12 at South Side Memorial Chapel, 8310 - 104 Street. Interment will be in Evergreen Memorial Park.

In lieu of flowers, contributions may be made to the Heart Fund.

FUNERAL SERVICES FOR MRS. MOORE

Funeral services were conducted for Mrs. Marlene Louise Moore, aged 23, of Drayton Valley on Friday, August 4 at 2:30 p.m. from the Anglican Church in Alder Flats. Mrs. Moore passed away suddenly in her home in Drayton Valley on Tuesday, August 1st.

Besides her loving husband, Joseph, the deceased is survived by their two children, Sherri, aged 3 and Shannon, aged 1, her parents in Alder Flats, Mr. and Mrs. Thowser and a brother Louis and two sisters, Judy Thowser and Faith Thowser.

Interment was in the Alder Flats Cemetery.

Pembina Water Supply Is Safe

The use of about 600,000,000 gallons yearly for secondary recovery of oil in the Pembina area, 70 miles southwest of Edmonton will not significantly decrease the local groundwater resources there, a report says. The Pembina field has an anticipated life span of 40 years. This information is contained in R. N. Farveland's report, Groundwater Resources in the Pembina Area, issued by the Research Council of Alberta.

(Cont. on page 7, Col. 2.)

RODGERS BROS. ORCHESTRA AT THE RODEO DANCE.

THE KIDDIES HAD PUT IN A LOT OF WORK ON THEIR DECORATED BICYCLES ON THE RAINY MORNING OF THE PARADE.

Jonson came in here with her husband the following year.

In 1918 Mr. Drake went into the army and served 3 1/2 years. Discharged in 1919 he returned to this area. Mrs. Drake had been keeping up the housework with the help of the children of which there were four, Dora, (Mrs. Gordon Kynock) born in England; May, (now Mrs. Gering, Johnny and Albert who were born in Alberta. When Mrs. Drake first started the postoffice here in 1910 it was called Powerhouse, on account of the proposed dam project on the Saskatchewan River but during the First World War the dam project was dropped and since there was another postoffice in the west by the same name the postoffice department in Ottawa wrote asking if another name could be chosen for this postoffice. After due consideration Mrs. Drake submitted the name of Drayton from a town in

Ontario.

AQUARIUM NEWS

"OBSERVE—DON'T DISTURB."
If Elmer H. Taylor, curator of the Calgary Aquarium had his way the Western painted turtle would wear that sign, particularly this time of year when these creatures often wander near and on main highways and are picked up by well-

meaning travellers.
Mr. Taylor said the Calgary Aquarium, located on the Calgary Brewery grounds at 9th. Ave., and 18th. St. S.E., in Calgary, has been "swamped" with donations of Western painted Turtles. A number are presently living in harmony with two alligators in the reptile pit at the Aquarium, but no more can be accepted.

Most of the turtles are picked up by tourists visiting British Columbia. Native to the province, they

are frequently found on the roadsides, but travellers who take them home with them soon find they are unable to look after the creatures and hope to find them a home at the Aquarium.

"Turtles require considerable attention—more usually than can be given by the average person," Mr. Taylor said. Besides an environment which includes both land and water, they need an even moderate temperature, and a diet containing meat or fish and supplemented with bone matter for shell-building. They cannot survive in chlorinated tap water.

Not can they survive for long in an Alberta slough, Mr. Taylor said, since this water dies up in the extreme hot weather. He added that the introduction of species of turtles from neighboring provinces is not encouraged by biologists.

"Much better to observe—and not disturb—the Western painted turtle if you come upon him in your travels," Mr. Taylor said.

Supply offer: How does your new uniform fit?
Recent: The jacket isn't bad, but the trousers are just a little loose around the wrings.

SEWAGE DISPOSAL FIELD DAY PLANNED

Each year, an increasing number of farms are installing water systems and sewage disposal systems. The septic tank is the best way of handling farm sewage. But it's not properly installed, it will cause many difficult jobs.

The Pembina-Edmon Agricultural Service Board has set of forms for the construction of septic tanks, and these forms are loaned to farmers in L.D., V. 77, 78 and 96. A demonstration on their use, and in laying out the disposal field, will be conducted on Thursday, August 10th, beginning at 10:00 p.m. sharp! The demonstration will take place on the farm of George Cropper, 2 1/2 miles west of Edmon on Highway 16 to the "Road" sign, then 1/2 mile north.

All who are planning on putting in water and sewage systems either this year or within the next two or three years, are strongly urged to attend.

Clean Cool Cooking with the Clean Blue Flame of GAS

Tested Recipes and Meal Planning Ideas Prepared for Pembina News Advertiser Reader by the Home Service Department of Northwestern Utilities, Limited.

Gelatin desserts are ideal endings to meals during the summer months. Cool and refreshing, they can be made ahead of time and stored in the refrigerator or freezer until serving time.

BURNED ALMOND SPONGE
1 tbs. unflavored gelatin, 1/4 cup cold water, 1/2 cup hot water, 3/4 cup sugar, caramelized, 1 cup hot milk, 1 cup heavy cream, 1/2 cup toasted sliced almonds, 1/2 tsp. vanilla.

Soften gelatin in cold water, dissolve in hot water. Add 3/4 cup caramelized sugar to hot milk, stirring until dissolved. Add gelatin. Chill until partially set. Fold in whipped cream, almonds and vanilla. Chill. Serves 6.

LIME PINEAPPLE WHIP
1 pkg. lime jelly powder, 1 cup boiling water, 1/2 cup pineapple juice, 1/2 cup cold water, 1 cup crushed pineapple, 2 egg whites, beaten stiffly, 1/2 cup chopped pecans.

Dissolve gelatin in boiling water; add cold water, pineapple and juice. When partially set, beat with egg beater. Beat in egg

whites. Add nuts. Chill. Serve topped with whipped cream.

PEPPERMINUT MOLD

1 tbs. gelatin, 1/4 cup cold water, 1/2 cup cream, whipped, 1 cup marshmallows, 1/2 cup sugar, 1/2 cup sugar.

Soak gelatin in cold water for 5 minutes. Dissolve over hot water. Add to fruit mixture with sugar and stir until sugar is dissolved. When mixture begins to thicken, fold in whipped cream. Turn in to a wet mold and chill in gas refrigerator until firm.

PEPPERMINUT MOLD

2 tbs. gelatin, 3 cups milk, 1/4 cup sugar, 3 egg yolks, 3 egg whites, 1/2 cup crushed peppermint candies OR 8 marshmallows plus a few drops of peppermint extract, chocolate sauce.

Soften gelatin in 1/2 cup of the milk. Combine with remaining milk. Place over hot water. Add sugar and salt. Stir until gelatin is dissolved. Beat egg yolks slightly. Slowly add hot milk mixture.

Add candies. Cook over hot water until thickened. Cool (if marshmallows and peppermint extract are used instead of the candies, add both while mixture is cooling before folding in egg whites). Beat egg whites very stiff, fold in. Add a few drops of green coloring. Pour into any desired mold or individual molds. Chill until firm. Unmold and serve with chocolate sauce. Serves 6 to 8.

D.V. Highlights

By: Edith Daly

Mrs. Chelchase attended the "Conventions for Handicraft" meeting of the W.I. held in Wainwright last Thursday. Additions and changes were made in the existing handicraft list. The new list looks most attractive. Mrs. Chelchase will be giving a detailed report at the September meeting.

The new Daisy King, lately operated by the Stewarts and Byrnes, appears to be doing a rushing business. Am sure the children will agree that it is a most welcome addition to our town.

Bill Ucheyphyn, son of Mr. and Mrs. Bobbin Ucheyphyn, distinguished himself at the Canadian Scouting Jamboree by winning the Adventurer's Award.

Your friends are very proud of your achievement, Billy!

Saw Eric and Joe Roengart at Banff last week-end. Both were looking very well and say they like living in Calgary. The Roengarts joined the reserve army this spring and tell most interesting stories of training given at Sarcee. They asked to greet all their friends in Drayton Valley. Please consider yourselves greeted.

REV. JOHN G. PERRY SAYS

I don't think the churches should unite

REPRINTED FROM THE MCGLEANS AUGUST 12, 1961 EDITION.
(cont. from last week)

Why do I have to belong to the same denomination to share his spiritual light? On my shelf are books written by Lutherans, Anglicans, Presbyterians, Baptists, Quakers and Methodists, and by representatives of every race. I don't need to belong to their denominations, nor do I need to change the color of my skin, to share their insights into truth.

The Church has been described as a womanly lady, seeking the hearts of men. But in my experience some men are attracted to some ladies, other men to others. What a dull world it would be if all women were identical! If some men prefer the dignity of sacerdotal worship and can come closer to a living experience of God in that way, may God bless them. If others prefer prophetic preaching and an emphasis on the authority and the relevance of the word, publicly and powerfully proclaimed, then let them be inspired of the Holy Spirit to do it to the utmost of their ability.

I would have to see any one of these traditionalists, or submergers, in an over-all effort to make them more acceptable to more Christians. For there's a heavy validity, and a challenge to them all which may be paradoxical but is true.

Deeply held conviction linked with tolerance—that is the real source of unity within the Church today.

The World Council of Churches, which meets in New Delhi in November, will bring together delegates from 173 Christian denominations in many lands, with a combined following of 160 million people. They recognize their diversity of views, yet the theme of this world meeting of Christian people is "Jesus Christ, the Light of the World".

The agencies of the World Council of Churches, like those of the United Nations, co-operate closely in the alleviation of human suffering and the promotion of greater understanding: World Church Relief, and the Commission on Inter-national Affairs are two such agencies. There is also a high degree of co-operation on overseas mission fields.

This sort of federated relationship far from dividing Christiansdom, will bring it together in a closer unity than would otherwise be possible.

I believe the critics of the Church, who malign us for our inability to get together, are barking at the wind. The churches are united as never before in their history, but in a unity that permits diversity of conviction and organization. Such a unity is most challenging.

ing and durable, and more compatible with modern ideas of liberty than the Old Church would be.

Jehovah's Witnesses News

HOW WE GOT THE BIBLE
By the Jehovah's Witnesses congregation, Drayton Valley.

Many people in the English speaking world have the hazy notion that the Bible as a book was written in heaven, in English of course, divided into chapters and verses, with cross reference and marginal notes and then sent by an angel to the earth. To others this may sound ridiculous, yet how many know how the Bible began or how it came to be in its present form.

Our present Bible began to be put into writing some 3,475 years ago by the man Moses, guided by the spirit of God. Moses began his work on God's instructions, for he was told "Write in a memorial in the book"—Exodus 17:14. Jehovah himself took a hand in the actual writing by providing the stone tablets containing the ten commandments Exodus 31:18. That Jehovah God inspired, directed and controlled the entire production of the Sacred Scriptures is born out by a number of Bible writers. David said, "The Spirit of the Lord spoke by me, and his word was in my tongue." But let us not forget the words which he wrote: "All scriptures are given by inspiration of God." 2 Samuel 23:2, 2 Tim. 3:16, 17.

Moses began to write under God's direction in the third month after Israel had left Egypt in the year 1613 B.C. He wrote down all the laws and instructions that he had received from Jehovah as he had chronicled the history of the Israelite nation until they were ready to enter the promised land.

Moses also wrote of things that happened long before his lifetime. These are found in the book of Genesis. The account of creation; the history of Adam and Eve; Noah; the Flood; Abraham, Isaac and Jacob. How did Moses get this information? From a study of Genesis and the Hebrew style of writing it is plain that Moses was in possession of earlier written documents. Jehovah revealed the creation details to Adam who in turn wrote them down. Adam was not an ignorant man, one step removed from the ape, as God created him a perfect man in possession of all his thinking abilities and powers of thought, not just the fifth of our brain that we use today. Adam and those after him could write.

After Moses' death other men came on the writing work as directed by Jehovah. Under inspiration these men added to the Bible's canon until there was a total of 39 small books in the Hebrew Bible. Some of these books were of the events that took place in the nation of Israel, others were wise sayings put down for our guidance. Some were songs of praise to Jehovah God and others were books of prophecy, that is things that were to happen in the future.

After Malachi, the last writer in the Hebrew scriptures there was a lapse of some 400 years before God again instructed his faithful people of Israel. He gave them small books to the Bible canon.

The writers this time were Christians, men who had been Jesus' Disciples and others who had become Christians after Jesus' Death. These men, writing in the Greek language, added 27 more books to make one large Bible of 66 books. Altogether some 35 men, writing over a period of over 1800 years, created the Holy Bible. The fact that these writings put down by so many different men with such different backgrounds, are all harmonious, all in agreement, testifies that the Holy Bible is not a man made book. It contains our Creator's instruction to us and an explanation of his purposes in creating us. It is just as necessary a part of our lives today as it was to the ancient Hebrews and early Christians.

If you would like to know more about the Bible and what it teaches you are invited to a free lecture "Materialism or Spiritualism—Which Do We Need?" Sunday afternoon at 3:00 p.m. in the Kingdom Hall of Jehovah's Witnesses.

Mrs. Androschuk may drop into Lloyds' to pick up her baby spoon.

Looking at Recreation

By Michael Gosselin,
Executive Director.

TOWN BAND OUTSTANDING:

The band was April 8, 1961 and all was in readiness for Drayton Valley's Sixth Annual Ice Carnival except for one thing—somebody to play or sing our National Anthem to open the show. Previous arrangements had been made to have this portion of the program handled through the media of recorded music, however, as is frequently the case, things did not work out according to plan and a frantic last minute search was on. Suddenly someone came up with a splendid suggestion. There was an enthusiastic group in town who were in the process of forming and developing a community band so why not take advantage of this opportunity to introduce this group and their fine work to the folk throughout the district. Why not have the budding band open the evening proceedings.

Bandmaster, Karl Wahl was immediately contacted in the matter and was quite enthusiastic about the idea. Thus their newly formed band appeared in public for the first time. Karl and his boys (there were no ladies in the band at the time) handled the anthem chore most efficiently, gave a few fine renditions during the intermission period and closed out the show with "God Save the Queen". Many in the audience were not aware that any steps had ever been taken toward the formation of a band. Throughout the crowd such questions popped up as: Where did this band come from? Has Drayton Valley a band now? When did this thing start? and so on. Everyone who attended the initial performance of the young band and the phenomenal progress in less than three months was generally commented on.

Here was a group that had got together about mid-January of this year. Some of the members had previous band experience, however, the majority had never played a band instrument before. There had been several preliminary organizational meetings previous to this and it was decided that the band would meet and practice twice a week in the Town Fire Hall. From the start spirit was high, interest was keen and the whole group was brimming over with enthusiasm. Karl Wahl took over as Bandmaster and the march of progress began. Within weeks the band was playing some of the popular pieces and over the months have developed quite a repertoire; a remarkable feat for such a short period of time.

In the early stages of the band formation and organizational work some were of the opinion that it would be futile to attempt to form or develop a band in the community at this time. They seemed to feel in general that it was just too much in respect of a young community. On the other hand there were those who said that we must have a town band. Towns much smaller

than ours boasts of commanding bands, and there was no reason in the world why Drayton Valley should not develop a band which would be a credit to and the pride of the whole community. Perhaps only the later group decided to number the former and once more the result of the effort that followed were electrifying. Of all the recreational or leisure time activities ever organized in this town whether athletic, cultural or social, none met with such success and progressed so far in such a short time as did our own band. I think the main reason why some did not believe that the band would be a success was that they thought it would take too long to train the members to reach any point of efficiency. Of course this was a false conception since the band was playing in public after three months of practice and today they are ready for bigger things when the opportunity presents itself.

The second appearance of the band at a public function was when they played at the Canadian Amateur Boxing Championships being held in May. Here again people were asking how long this band had been playing and comments were most favorable both from the local people and the visitors. After this preparatory work began for the Rodéo Parade which would be led by the band. Many hours were spent in tedious marching until a truly outstanding marching repertoire was developed. Of course, like most activities relating to the rodéo it was a big disappointment when they had to march through a mud bog and play in the face of a driving rain storm. Needless to say that much of the efficiency of the band and practically all of the civic color surrounding it was lost in the down pour.

The Drayton Valley Town Band has come a long way in six months. The formation, the development, and the progress in general has been truly remarkable. The persons responsible for the success story are of course the individual members of the band itself. Their spirit of civic pride, interest, enthusiasm and sacrifice has been truly remarkable. It is a mixed band in the true sense of the word. There are several ladies playing in the band now, some of the members are experienced musicians and have an instrument before this year. All ages are pretty well represented with several school boys taking part. They all came together under the able leadership of Bandmaster Karl Wahl in mind and see in purpose to develop an excellent band in the town of Drayton Valley.

CHIEFS FOR OUR MAJORETTES:
No comments on the Drayton Valley Town Band would be complete if the colorful and charming

Majorettes were not brought into the picture. Early in April, when it was definitely decided that newly formed town band would head the rodéo parade, Wahl suggested that a group of Majorettes should accompany any marching band. For a while it seemed that the Majorette venture was doomed to failure before it ever got off the ground as several prospective leaders turned down the position for various reasons. Finally the bandmaster came up with a volunteer, a Grade X student, in the person of Miss Cheryl Pollock. Miss Pollock had considerable experience as a Majorette with the Bentley Band before coming to Drayton Valley. She accompanied the band to Edmonton last year and had the honor of marching in the famous Exhibition Parade.

Shortly after Easter Cheryl organized a group from her Grade X classmates. They immediately started training in the art of marching. They met on a weekly basis in the school gym and put in long hours of tedious practice on the different tricks of the trade. Since none of the girls, save the leader, ever had any previous experience or knowledge in this particular field, especially in the difficult and tricky art of baton twirling, all had to put maximum effort in order to be ready for the July parade. The Majorette group is composed of the leader and seven other girls. They are: Lois Bercher, Judy, Linda Fink, Jodie Dahlberg, Audrey Giesinger, Elise Jager and Marlene Sherron.

During July, the girls doubled up in their duties, meeting twice a week at the Town Fire Hall. They had several marching practices with the band prior to the July 29th parade. Like the members of the band, the Majorettes were tremendously enthusiastic about their work, took great pride in the part that they were to play in the big parade and looked forward to an outstanding performance. Like everyone else, however, the girls were doomed to bitter disappointment as their weeks and months of hard work was metaphorically washed down the drain.

Under the most unfavorable weather conditions, through the slushy mud and the driving rain the Majorettes marched proudly on. Personally, I think Miss Pollock and her girls turned in a wonderful performance, and I am sure that they had a colorful display of Majoretting in more fact than all had the weatherman been agreeable.

I am going to understand also that each girl in the group made her own costume. Cheryl had the responsibility of buying the batons, the maces and uniforms for the costumes. Each outfit cost approximately \$15.00 which was paid by the individual girl herself. So I think that a great deal of credit is due to Cheryl Pollock and her pretty Majorettes. Drayton Valley can truly be proud of such a fine group of

young people. They are a credit to our band, to our town and to their school. Such keen interest in the community and such civic pride is truly outstanding. To Cheryl, as to the great line of outstanding leaders in every field of the local recreational sphere, I would like to say an extra special thank you, for remember, people like her I would not get far in this business. But a word in closing—we are planning an extensive football program this fall and we certainly look forward to see our band and the Majorettes out there from time to time this fall.

DIAMOND DOTS AND DASHES:
Last week-end was possibly the darkest ever witnessed on local diamonds. From Saturday evening to Sunday night a total of six games were played by local teams and the result was the fact that each one of the games was an all-important play-down fixture.

Things got off on the wrong foot Saturday when the Drayton Valley Hobos squared off with Red Deer.

TOWN CALENDAR

COMMUNITY LIBRARY HOURS - Tues. 7:30 - 9:00 p.m.

From Scoop's Notebook

Warren Bittorf spent a very enjoyable week at the Pigeon Lake Youth Camp. The following week Ben Bittorf and Dale Campbell attended the same camp.

None from the highest is Ted. Oscar, A.S.P.C., who is stationed on H.M.C.S. Bonadventure, a 20,000 ton Alcatraz Carrier.

which is stationed on the east coast of the U.S., has been on a recent cruise down the east coast of the U.S., taking in Norfolk Virginia, Providence, R.I., New York City and Boston. Young Oscar says he likes the air conditions in Drayton Valley district much better than the east coast of the U.S., as it is so humid there.

From the same ship, the good ship Bonadventure, also is visiting David McLure visiting with his parents, Dr. and Mrs. Mc-

lure. David has two weeks leave, but Ted has three weeks in which to visit his parents Mr. and Mrs. Les Oscar, of Eastford.

The Army's Layton Lomtrap has also been a recent visitor in Drayton Valley. Layton has been visiting his mother Mrs. Holman.

NEED LEARNERS FOR AMA COURSE (Cont. from page 7, Col. 8) tion forms and can be reached at 942 - 3328 or 942 - 3247 for further information.

The course costs \$40 for adults plus the AMA membership of \$12 and \$25 for teenagers plus the membership.

CANOEISTS CAMP HERE

Twenty-three boys, with their director Grant McKee, Y.M.C.A. secretary, and assistant director Ken Dewar and Jack Groff, all of the Edmonton Y.M.C.A., camped on the banks of the Saskatchewan River beside the bridge last Tuesday week on their canoe trip down the river from Rocky Mountain House to Edmonton.

Eleven canoes brought the boys down from Rocky Mountain House which was the starting point for the trip. They had started in Rocky Mountain House on Sunday, July 30th and had reached this area by Tuesday, August 1st.

The boys expected to arrive in Edmonton at 10 a.m. Saturday morning while members of the press, radio and television would be awaiting them.

The trip down the river has been uneventful except for the loss of one canoe which capsized.

Harsh hunting is the only sport in which the animal that gets caught has to buy the license.

THOMPSON'S SPORTING GOODS & REPAIR

"WE SERVICE WHAT WE SELL". Phone 542-3533. Telescope sights mounted free of charge when purchased from us and when no drill or tapping is required.

Ladies Ball Tournament

LEGIONNETTES LOSE HEART-BREAKER. By Mike Gormley

The Drayton Valley Legionettes were a dejected crew as they hit the long wearhouse road home last Sunday evening; and they had good reason to be sad and forlorn.

The local girls, scarcely nine in number, had just been beaten out of the Provincial Play downs in a round robin series at Barhead. In fact it was so close that the issue was decided by a run in the bottom of the seventh and final inning to give Barhead a 12 - 11 victory. It was the third

straight game of the day for the "Rainful Nine" and truly it was a case of the spirit being willing but the flesh weakened under the unreasonable strain. The girls played their heart out and seemed to run the game in that desperate hour of stress.

In the first game of the series the Legionettes went against Highvale in a close and exciting game. The D.V. team got off to a shaky start and dropped the one by a narrow 15 - 16 score. The highlights of this opener were some outstanding pitching by Jean Hallett and a homerun by Borg Boger who played tremendous ball for the "Valley" team all day long.

(Cont. on page 3, Col. 4)

COUNCIL MEETING

A summary of the minutes of the regular meeting of Council held on the 10th, August 1961 at 8:00 a.m.

The meeting convened at 8:00 a.m. with only four councillors in attendance, the absent members being unable to attend due to holidays and business; in the absence of the Mayor and Deputy Mayor, Councillor C.D. Pahr was elected to take the Chair for the meeting.

The minutes of previous meetings were read and on motion, of adoption were adopted as read. The Financial Statement was examined and discussed and a motion was passed approving of same and accepting it for entry in the records.

(Cont. on page 10, Col. 1.)

Police Report

R.C.M.P.

In Police Court recently R.C.M.P. Officer charged nine with illegal possession of liquor, in each case a fine of \$10, plus costs was levied.

Seven minors charged with obtaining liquor were fined, with fines ranging from ten to fifteen dollars. Four were charged with conveyng liquor illegally in a vehicle and were each fined twenty-five dollars plus costs.

For failing to stop at a stop sign five were fined, and for speeding

District Personalities

LUCILLE MARGARET BROWN Photo by Curt's Studio

This week's personality is Lucille Brown, who is employed in the post office. Lucille was born in Drayton Valley township. She is the third eldest daughter of Mr. and Mrs. Clyde Brown, who once homesteaded in here. Lucy took all her schooling here in Drayton Valley, and was raised in this district.

She loves to ride horses and was one of the first members of the Gymkhana Club when it was organized in this district last year. The local Gymkhana now claims some forty - five members, and Miss Brown is among the most enthusiastic.

She has been given the honor of being elected to represent the local Gymkhana club in the province wide Gymkhana Queen contest which is now being conducted. She will be competing against

Gymkhana clubs from all over Alberta. The provincial Gymkhana show will be presented in the Edmonton Gardens on Monday, September 4th. The contest winner for Queen will be announced at the same time. We all hope that Lucille will bring the honor to Drayton Valley. Tickets are on sale, with each ticket representing 10 votes. Tickets for "Lucille for Queen" can be gotten from any Gymkhana member, from the Valley Drug store, the Royal Bank, Steve Roddin, as president of the local club, or from Bill McGee at United Electric.

Lucy's mother works in the Hotel as room-maid, and her father works in the Bay at cannister. She says her favorite recreation outside of riding horses is dance. She is going steady. She states that her favorite reading is the P.N.A.

DONKEY BALL

An hilariously funny game of Donkey Ball was conducted on Friday, August 4th, out at the Ball Diamond when Chris Durham's Donkey Ball Show came to Drayton Valley. The show was from Crescent Oklahoma, and field manager Jiggs Adams who was looking after the show here the other night spoke with the very much Oiled of Oklahoma accent. He was delighted with the turnout of local and district folks which was very, very, good, with well over six hundred persons paying their way into the grounds.

The game was conducted between a team which for want of a better name was called the "Old-Timers"

and the Legionnaires. Object of the game was that all players, all over the field, no matter what position, had to be astirde

H.R. Milner

D.K. Yorath

J.C. DALE

Following a meeting of the Board of Directors of International Utilities Corporation held in the company's offices in Toronto, Ontario, Aug. 3, Howard Butcher III, president of the company, announced that H.R. Milner, Q.C., of Edmonton chairman of Northwestern Utilities, Limited, Canadian Western Natural Gas Company Limited, and Canadian Utilities, Limited, had been appointed Chairman of the Board of International and that D.K.

Yorath of Edmonton, president of Northwestern Utilities, Limited and Canadian Western Natural Gas Company Limited, and J.C. Dale of Edmonton president of Canadian Utilities, Limited and Northwestern Utilities Limited, had been appointed vice-presidents of International Utilities Corporation.

Mr. Butcher pointed out that not only was a majority of the members of the Board of Directors Canadian, but that a recent list

of shareholders of record shows a larger number of owners of both voting preferred and common shares in Canada than in the United States. Of the common shares, there were 3,603 Canadian and 2,987 United States shareholders. Moreover, of the total outstanding both preferred and common shares, 47% were held in Canada and 49% in the United States. The remainder were held chiefly in Great Britain.

The rules of kindness forbid us to identify this Donkey Ball Player who has just but the dent in his attempt to make him first. In the background is star player Red Pahr.
